

A hospitality business leader with over a decade of experience in building, operating, and scaling premium restaurant and dining brands. Throughout his career, I have led business growth, brand launches, operational excellence, and guest experience initiatives across multiple hospitality concepts.

Passionate about leadership and human connections, I believe that great businesses are built by empowering people and creating memorable experiences. My journey has been shaped by lessons from the hospitality industry, where everyday interactions have taught me the true value of empathy, resilience, and purpose-driven leadership.

At TEDxICEAS 2026, I will share his perspective on how the seemingly ordinary people and moments in our lives profoundly shape who we become.

Dr Saheer Nelliparamban, a doctor, entrepreneur, Founder and CEO of Paywint, Fichecks, Gasdeck and a member of the Forbes Business Council, for consideration as a TEDx speaker. Dr Saheer's journey spans healthcare, technology, fintech innovation and entrepreneurship, offering valuable insights on leadership, resilience, innovation and creating impact in a rapidly evolving world.

Full Name: Fazlur Rahman Khan

3. Speaker Bio : Fazlur Rahman Khan is a Technical Trainer at The Linux Foundation, with over 20 years of experience across enterprise database architecture, cloud-native infrastructure, and technical education. He is India's first Technical Trainer, Course Maintainer, Author, and Kubestronaut at The Linux Foundation, holding all five active CNCF Kubernetes certifications.

A recognized voice in the global open-source community, Fazlur has spoken at KubeCon + CloudNativeCon India and Kubernetes Community Days, and has served on the Program Committees of 10+ open-source summits across India, North America, and Europe. He spends his days teaching the technology that quietly runs the modern world — and his work has given him a front-row seat to the invisible people who keep that world from falling apart.

Name Dr. Ghazala Ahmed Shafi

Bio :

Dr. Ghazala Ahmed Shafi is the Head and Chief Dental Surgeon at Dr. Ghazala's Dental, Implant and Laser Centre in Bangalore, bringing over 17 years of clinical and academic expertise in periodontology and laser therapy. An award-winning specialist and published author, she holds an MDS in Periodontology and has been recognized as the Laser Specialist of the Year 2022 and named among the Top 100 Doctors in the Doctors' Choice Awards 2019. She serves as Course Director at the Dental Academy of Innovative Learning, where she trains the next generation of dental professionals.

What truly sets her apart is her mission — to move patient care away from pharmacotherapy and toward phototherapy — harnessing the power of targeted light to accelerate the body's own natural healing and body's dependency on heavy medications.

Neole Anna Cornelio is an international sprinter who has represented India in the 4×100 metres relay at prestigious events, including the Asian U20 Championships in Dubai, the World Athletics U20 Championships in Peru, and the South Asian Junior Athletics Championships (Junior SAAF). At the Junior SAAF Championships, her team won gold while setting a new national record. At the World U20 Championships, the Indian relay team finished ninth in the world and also broke the national record.

Neole discovered her passion for athletics at the age of five and turned professional at 17. She joined the Bhaladama Foundation in 2022 and currently trains in Bengaluru under the guidance of international medalist Coach Bindu Rani. She completed her education at St. Francis Xavier Girls' High School, Mount Carmel PU College, and graduated from St. Joseph's University, Bengaluru, with a degree in Psychology and Journalism.

Beyond athletics, Neole enjoys exploring new sports, securing third place at the HYROX Women's Relay Bengaluru edition and earning a place in the WWE tryouts held in London. She is currently pursuing a certification in High Performance Coaching with a specialization in Strength and Conditioning.

Passionate about inspiring others, Neole hopes to mentor young athletes and believes that sport is about much more than winning—it's about growth, resilience, and creating a lasting impact.

Born and brought up in Bengaluru, Sanjay R is a community builder, entrepreneur, and youth leader driven by a passion for connecting people, creating opportunities, and building ecosystems that create lasting impact. An alumnus of AIMS Institutes, Bengaluru, he holds a Master's in Business Administration (MBA) with a specialization in Marketing and brings over five years of experience in Community Management, Partnerships, and Ecosystem Growth.

Professionally, Sanjay currently serves as a Community Manager at Google for Developers, where he works on developer engagement, community growth, strategic partnerships, and ecosystem development. His work is centered around enabling meaningful connections that help individuals, communities, and organizations grow together.

An entrepreneur at heart, Sanjay has founded and led ventures such as Slotify, Blue Brainers Studio, and Unwrap, gaining hands-on experience in business development, branding, marketing, and startup growth. These experiences have shaped his ability to transform ideas into impactful initiatives and sustainable communities.

Sanjay's Rotaract journey began in 2020 with the Rotaract Club of AIMS Institutes and has been marked by consistent growth, impactful leadership, and a commitment to service. From serving as Joint Secretary and President to leading at the district level as Zonal Rotaract Representative, District Rotaract Secretary - Operations, and Chair of key district initiatives, he has played a pivotal role in strengthening communities and empowering young leaders. His leadership earned him the Best President Award, while his club was recognized as the Best Club in the district. Today, he proudly serves as the Youngest District Rotaract Representative of Rotary International District 3192 for RY 2026-27.

A public speaker, trainer, and mentor, Sanjay has engaged and inspired over 5,000 students and young professionals through leadership, career development, and community-building initiatives. His journey is driven by a simple belief: Great things happen when people, communities, and opportunities come together.

Short Bio:

Shweta Vohra is a technology leader, author, inventor, and speaker with over 24 years of experience building cloud, platform, and AI systems across global enterprises. She currently serves as an architecture leader at Booking.com, the world's leading travel technology company, and brings cross-industry experience across travel, healthcare, telecom, automotive, and defence, helping teams design resilient systems and navigate complex technology transformation.

She is the author of *Decoding Platform Engineering Patterns* and *Dear Software and AI Architect* and multiple patents/ publications. Her work sits at the intersection of technology, systems thinking, leadership, and personal growth.

Through her talks and writing, Shweta explores how people and systems grow through change. She believes in the power of evolving into our next best potential, and in the quiet truth that we often carry far more strength, wisdom, and possibility than we realize.
